Left turn around each of  
the two barrels.

Right turn around each of  
the two barrels.

### Big T

Go through the timing line, pass the first pole on either the left or the right, pass the next two poles on alternate sides. If the 3rd pole is passed on the right side, proceed to the barrel on your left, making a left turn and then a left turn around the other barrel. The weave back through the three poles on opposite sides to pass through the timing line.

NOTE: If the first pole is passed on the right side, the two barrels will both be left turns. If the first pole is passed on the left side, the two barrels will both be right turns.
